BOOK SYNOPSIS

Including 4 full length exams, structured and styled exactly like what you will find on the real test, this study guide is designed to increase and maximize scores for any student regardless of current subject knowledge and skills. By providing only the effective content a student needs, time is better spent meaning total study time is actually decreased, preventing "burn-out" and mental fatigue, thus allowing for better retention of the key concepts needed for the AP Biology test. As with all of our study guides, we don't include any filler or fluff in our AP Biology review. If you need to know it, it is in this book. Finally, with four full-length sample AP Biology tests allow you to practice for the examination and hone your skills, providing you with an introduction to the types of questions you can expect on the test.
