## BOOK SYNOPSIS

A thorough reference to the many deities, magical beings, mythical places, and ancient customs of the Norse and Germanic regions of Europe • Explores the legends and origins of well-known gods and figures such as Odin, Thor, Krampus, and the Valkyries, as well as a broad range of magical beings such as the Elf King, the Lorelei, the Perchten, dwarves, trolls, and giants • Draws upon a wealth of well-known and rare sources, such as the Poetic Edda and The Deeds of the Danes by Saxo Grammaticus • Examines folktales, myths, and magical beliefs from Germany, Austria, Switzerland, Denmark, Finland, Sweden, Norway, Iceland, and England The legends of the Norse and Germanic regions of Europe--spanning from Germany and Austria across Scandinavia to Iceland and England--include a broad range of mythical characters and places, from Odin and Thor, to berserkers and Valhalla, to the Valkyries and Krampus. In this encyclopedia, Claude Lecouteux explores the origins, connections, and tales behind many gods, goddesses, magical beings, rituals, folk customs, and mythical places of Norse and Germanic tradition. More than a reference to the Aesir and the Vanir pantheons, this encyclopedia draws upon a wealth of well-known and rare sources, such as the Poetic Edda, the Saga of Ynglingar by Snorri Sturluson, and The Deeds of the Danes by Saxo Grammaticus. Beyond the famous and infamous Norse gods and goddesses, Lecouteux also provides information on lesser-known figures from ancient Germanic pagan tradition such as the Elf King, the Lorelei, the Perchten, land spirits, fairies, dwarves, trolls, goblins, bogeymen, giants, and many other beings who roam the wild, as well as lengthy articles on well-known figures and events such as Siegfried (Sigurd in Norse) and Ragnarök. The author describes the worship of the elements and trees, details many magical rituals, and shares wild folktales from ancient Europe, such as the strange adventure of Peter Schlemihl and the tale of the Cursed Huntsman. He also dispels the false beliefs that have arisen from the Nazi hijacking of Germanic mythology and from its longtime suppression by Christianity. Complete with rare illustrations and information from obscure sources appearing for the first time in English, this detailed reference work represents an excellent resource for scholars and those seeking to reconnect to their pagan pasts and restore the old religion.

**ENCYCLOPEDIA OF NORSE AND GERMANIC FOLKLORE MYTHOLOGY AND MAGIC** - Are you looking for Ebook Encyclopedia Of Norse And Germanic Folklore Mythology And Magic? You will be glad to know that right now Encyclopedia Of Norse And Germanic Folklore Mythology And Magic is available on our online library. With our online resources, you can find Applied Numerical Methods With Matlab Solution Manual 3rd Edition or just about any type of ebooks, for any type of product.

Best of all, they are entirely free to find, use and download, so there is no cost or stress at all. Encyclopedia Of Norse And Germanic Folklore Mythology And Magic may not make exciting reading, but Applied Numerical Methods With Matlab Solution Manual 3rd Edition is packed with valuable instructions, information and warnings. We also have many ebooks and user guide is also related with Encyclopedia Of Norse And Germanic Folklore Mythology And Magic and many other ebooks.

We have made it easy for you to find a PDF Ebooks without any digging. And by having access to our ebooks online or by storing it on your computer, you have convenient answers with Encyclopedia Of Norse And Germanic Folklore Mythology And Magic. To get started finding Encyclopedia Of Norse And Germanic Folklore Mythology And Magic, you are right to find our website which has a comprehensive collection of manuals listed.
